

We have compiled the following guide to help you pick the size you need, whether it be comfort, regular or slim fit.

The measurements shown in table reflects the body and not the clothing. Therefore, you match your body with the table. The range of movement depends on what type of fit the clothing is. Most of our designs are regular to comfort fit, thus we recommend you to carefully read the table and match your body accordingly. It is possible to take a smaller size than

recommended, should you wish to transform a comfort/loose fit or regular to slim fit.

FIND YOUR FIT:

- Loose:** Not constricting.
- Regular:** Classic fit with normal mobility.
- Slim:** Closer fit showing body curves.

Should you need any help picking just the right size, we recommend contacting your local JDL Clothing dealer.
